PROFILE

I am a passionate Developer with a focus on building dynamic and responsive web applications. With attention to detail and a commitment to creating high-quality, user-friendly interfaces, I continuously strive to improve myself by applying and expanding my knowledge to deliver the best results.

WORK EXPERIENCE

Grit Consultant OCT 2023 - PRESENT

- Developed and maintained front-end components using Nuxt.js, enhancing the performance and scalability of web applications.
- Collaborated closely with back-end developers and designers to implement responsive and visually appealing interfaces.
- Focused on optimizing web applications for maximum speed and scalability.
- Conducted code reviews and provided feedback to improve code quality and maintainability.

Project - (Grit Consultant)

- Web Tournament Manager (Game) (Nuxt)**
Platform for organizing & tracking game tournaments. Includes registration, scheduling, live scores & auto brackets.
- Web app & Web manager for Gas Company (PHP, Laravel)**
Internal system for a gas company. Handles orders, customers, invoicing & reports.
- HRM For Grit Consultant (Nuxt)**
A customized HRM (Human Resource Management) system designed with Nuxt.js. Provides employee data management, attendance tracking, and basic performance evaluation tools to streamline HR operations.
- ERP & HRM for Company User (Nuxt)**
Built an integrated ERP and HRM solution with Nuxt.js. Supports financial modules, human resources workflows, payroll processing, and multi-department coordination for improved operational efficiency.
